

## GWG 5.1 - Font subset and substitution

Placed EPS-file n°1  
(VVLNKX+Myriad-Roman)

Placed EPS-file n°2  
(VVLNKX+Myriad-Roman)

subsetting font

12345

45678

expected result

12345

45678

- If all characters are correct and appear in the right order, the subset fonts have been processed correctly.
- If some characters do not appear or display in the wrong order, incorrect handling of subset fonts has occurred.
